

# SkinBag

Corps.EXT

SkinBag are autonomous organisms in synthetic skin. Accessories and Outerwear become body extensions, anticipate the fusion between the digital and the organic. Carrier of mutation, SkinBag symbolizes the ambivalence between the natural and the artificial, the instinctive and optimisation. Limited series, or custom order, each SkinBag is hand crafted. An alchemy between the repulsive and the captivating

Concept and Design by **Olivier Goulet**

**SB-pouch** is a mini-bag specially designed to contain coins, keys, tickets ... Thanks to its snap-hook, you can suspend it on your belt-loops, handbag strap ...

**SB-identity** is a discrete and practical handbag holds all of your personal belongings needed throughout the day or during a night out. Its zipper assures complete confidentiality.

Together, these two must-have accessories optimize the configuration of urban life. They will fuse with your body and become vital identity accessories-organs.
